Respected Sir,

We are manufacturer of Solvent-less Platinum Coating on Paper and Polyester Film. We provide our technical related data as below.

Production Capacity : Up to 6500 Metric Ton/annual

	COATING	SLITTING
SPEED	1)100 meters / min. 2)150 meters / min.	1) Jumbo Slitter - 200 meters/min 2) Narrow Slitter 1 - 100 meters/min 3) Narrow Slitter 2 - 150 meters/min
WIDTH	up to 1650 mm	Max: 1580 mm Min: 20 mm
OUTER DIAMETER	up to 1200 mm	Up to 1000 mm (Jumbo width) & 600 mm (for narrow widths)
CORE	Max: 152 mm (6")	Min: 76 mm (3")

Substrates :

Paper : Glassine, Clay Coated Kraft (CCK),
Super Calendar Kraft (SCK), MGK.

Film : Polyester (PET), Metalized, Color film.

Products :

Paper : 1. Glassine Release Liner
2. Machine Glassed Kraft (MGK) Release Paper
3. Clay Coated Kraft (CCK) Release Paper
4. Double Side Silicone Release Paper
5. Differential Silicone Release Paper
6. Fluoro Silicone Release Paper (For Silicone Adhesive)

Film : 1. Polyester Release Liner
2. Metalize Polyester Release Liner
3. Color Polyester Release Liner
4. Double Side Polyester Release Liner
5. Differential Polyester Release Liner
6. Fluoro Silicon Polyester Release Liner (For Silicone Adhesive)

Packaging Solutions Pvt. Ltd.

Our Products are used in following application segments

- Hygiene Industry
- Pressure Sensitive Label Stock Industry
- Construction & Roofing Industry
- Fiber Composites Industry
- Hologram & security envelopes Industry
- Foam Industry
- Electronics Industry
- Medical Industry
- Tapes Industry
- Bakery & Confectionery Industry
- Graphic Arts Industry
- Automotive components Industry
- Rubber Industry

Grammage :	Paper - 30 to 140 gsm	Micron :	PET - 19 to 125 microns
Curing Mechanism :	Thermal	Silicone System :	Solvent-less Platinum Coating

Testing Procedures

- We conduct testing's like release force, gsm, thickness, moisture & other parameters,
- Our release force testing is done on Peel Adhesion Tester; test method is FTM -10 with Tesa 7475 tape.
- Peel adhesion (180°) at 300mm per minute.

Packing Procedures

We are flexible in packaging. Generally we do as per customer's requirement ;

1. Roll form packing

2. Box Packing

3. Palate packing

Our packing is air tight packing like proper packing with stretch wrap film no air entrap in to the material so that material should be reach to customer in good condition.

Transportation Facilities : As per Customer preference.

Delivery Time : 15 Days after received Purchase order.
